*"The Veteran"*

*"Joe worked for the FAA until his retirement, after which he continued his involvement with the uncountable organizations within the community around him.*

*"Throughout his distinguished career and his very private life, Dad demonstrated outstanding principles of philanthropy, patriotism, community service and kindness.*

*"Love for his fellow man was manifested in his selfless giving, his good name and his zeal for God, country, home and family, without thought of personal gain. This makes him the envy of his peers."*

*- Written with love, by his Family*

*“Dad was born in the Bronx, N.Y., and came home from the hospital to 2052 Maples Avenue, the son of Mary and David Feldman.*

*“At the age of 18, he joined the National Guard until he enlisted in the Army in 1939. He stayed until 1943, when he was honorably discharged, then joined the Coast Guard for another year.*

*“In 1942, while on leave in Seattle, he met Shirley Stusser, and in 1944, they were married. They enjoyed 65 wonderful years of marriage together. Shirley and Joe have 4 children - Linda, Brian, Craig and Andrew - in addition to 5 grandchildren and 4 great-grandchildren.”*
